GENERAL SPORT RULES for GOLF

IT IS THE RESPONSIBILITY OF THE GOLF ENTRANT TO KNOW THE RULES OF GOLF. If there is a rules dispute on the course and an official is not available, finish by playing two balls. The intent and the number of strokes of which ball should be used to calculate the score must be announced to the scorekeeper or companion player, when the rule allows. An official should be notified of the protest as soon as possible.)

IT IS THE RESPONSIBILITY OF THE GOLF ENTRANT TO SEE THAT THE REQUIRED INFORMATION IS SUBMITTED.

The rules of golf and golf etiquette SHALL be observed. So far as the rules of play go, team play is incidental to the tournament.

Exception: Team Members will be allowed to give advice to their partners. If a golfer does not have a partner, he/she may designate a member of the foursome as his/her advisor and receive advice from only that person.

SLOW PLAY: A slow play policy will be incorporated into this tournament and upheld consistently.

No more than two members of the same agency may be in one foursome.

Cell phones/mobile phones may be used in GPS – rangefinder mode and must be on silent mode. They are not to be used for any other telecommunication purposes. Other R&A and USGA approved rangefinders may also be used.

No "gimme" putts, mulligans, or improved lies, etc. Exception: Course conditions may dictate local rules which allow improved lies for specific areas of the course under construction or experiencing temporary poor playing conditions. No winter rules.

SCORING

The competition will be run using the Stableford system.

Player's individual Index Number will be used to score each round.

Division Team scoring: All members of each team play their own balls on each hole. At the completion of the hole, the highest point score among the two team members serves as the team score.

Scorecards must be signed, attested, and completed by the golfers, and where applicable record name of other team member then turned in to be recorded.

Failure to submit cards on time may lead to disqualification.

No golfer will keep his/her own score, nor keep the score of a member of his/her own team or agency.

CADDIES

No guests or caddies may accompany golfers.

GALLERY

If the course can accommodate a gallery, then the Host may elect to permit spectators, but spectators may not communicate or interfere with the competitors.

COMPETITION FORMAT

SCHEDULING

The number of flights is determined by the total number of registered competitors.

Arrange foursomes first by skill division then by age class.

"A" Division golfers should be grouped together. Do not mix skill divisions in the same foursome.

“A” Division golfers should play the most difficult course on the last day.

If team members are in different grade and/or age divisions, that team should be paired with another mixed team of the same grade if possible. If there are no other mixed teams of the same grade, the mixed team should be paired with a team in the same grade as the Golfer with the higher Index Number on the team. When no other alternative is available, the mixed team will have to be paired with a team in the same grade as the Golfer with the lower Index Number.

TEES

Men and Women will play from the tees designated by the Golf Coordinator with concurrence of WPPFG Director for Golf.

HOST SPORT COORDINATOR:

If the maximum number of competitors that can be accommodated has been reached, maintain an "alternate list" according to the date received. Use this "alternate list" in case of drops or forfeitures. If the maximum number of players has been reached, no substitutions are allowed.

All golfers entered in Team event must have a partner listed with them. Normally this is when they enter as a team, however it might be as a result of “pooling”, which is accomplished by the entrant signing up for team and checking the “pooling” box on the entry form. Then the Bracketing Committee and Sport Coordinator assign that entrant to a team.

Golfers not entering a team event must be paired anyway. They should play with this person throughout the tournament and share a golf cart if applicable but will not be scored as a team.

Registration: When golfers arrive at the Games and register at the Host Headquarters receiving their Games Accreditation, they must be able to find out where and when they are scheduled to play their first round. A schedule can be put in their registration package, or a schedule may be posted for registrants to refer to and posted online. **The most beneficial method is to have a Golf representative on hand at Registration to answer questions and supply the schedule. Golfers may be required to show their Index Cards or Index documentation at this time. If so, this must be explained in the Confirmation Letter.**

Check-in: At the beginning of each day of play, each golfer must check-in at the correct course, at the time designated in the confirmation letter or on the schedule referred to above. At this time, they will show the Accreditation Pass they received at Registration. This pass will list the events the golfer has properly entered, and the golfer's agency I.D. is required. Check-in personnel should verify the following information from the golfer's documents presented.

HANDICAP INFORMATION

Golfers must have an R&A/USGA Index Number/handicap or the equivalent from their country and must provide their membership (GHIN) number or a copy of their Handicap card which verifies that Index Number. Competitors must provide proof or their 10 most recent rounds/scores of competition results. **Golfers entering any events must show proof of ID.**

WPFGF will authorize a "Handicap Review Committee" whose members will be chosen in advance of the competition. Committee members will review all participants' Handicap history that is available. This committee reserves the right to adjust Index Numbers of golfers who have a history of scoring well below their Handicap, or for countries that do not have a rate/slope system. The Handicap Review Committee can re-handicap any individual after the first and/or second day of play if their score is considered to not reflect their handicap/index

Returning golfers from either or both of the past WPFGF/USPFC will use their tournament handicap. This Index will be established by the scores shot in one or both of the past WPFGF/USPFC. If their current Index is lower, it will be used.

Entrants' actual "LI", (Low Index) will be used unless adjusted by the "Handicap Review Committee". If entrant has two numbers from two different clubs the lowest must be used.

IF THE APPROPRIATE INFORMATION IS NOT PROVIDED BY THE GOLFER AND THE HOST IS REQUIRED TO CONTACT THE GOLFER TO GET INFORMATION NEEDED TO ESTABLISH A CURRENT HANDICAP/INDEX, A \$25 FEE WILL BE ASSESSED AND DUE UPON REGISTRATION AT THE WPFG.
